Subject: Kokomo Yard Waste Recycling Center-Revised Work Schedule
USEPA Schedule 6-11-2014 ba.pdf

Hi Shelly,

I've attached a revised schedule for your review. The second page has the details on the dates. You asked recently about the date of the boundary survey. The field work for the survey was conducted on 3/7/14, which I revised on the schedule.

We just received the geophysical survey report late last night from Prism GeoImaging. We will review that report and share it with the City's legal counsel and then we will provide it to you. Since it is a report, I will upload it to the OSC website and I'll let you know once it is uploaded.
